Doug Harrison

It is the policy of the Board of Directors to extend, to the maximum extent possible, full cooperation and assistance to other governmental agencies in those projects and activities which achieve the objectives of both agencies, producing multiple benefits to the District's constituency. Such cooperation shall include the following when circumstances permit and adequate advance notice is provided.

A. Construction of District facilities in conjunction with City and County road and street improvement projects.

B. Construction of District facilities upon request of other agencies, to alleviate hazardous conditions on major thoroughfares.

C. Participation by the District in City and County neighborhood improvement district and assessment proceedings.

D. Participation in City and County urban renewal and rehabilitation projects.

E. Provision of Storm Drainage Master Plan facilities to serve local State highways and freeways.
