

**FRESNO METROPOLITAN FLOOD CONTROL DISTRICT  
CAREER OPPORTUNITY NOTICE**

**ENGINEERING**

**Engineer I-II**

**\$5,155 - \$7,573 / Month**

The Fresno Metropolitan Flood Control District is currently recruiting for an Engineer I-II. The position is a member of the District's Rural Streams / Capital Projects section engineering team. Job duties will include preparation of plans, contract specifications and cost estimates for flood control facilities, administration and coordination of rural area drainage and flood control activities, hydrologic and hydraulic modeling for open channel flow and flood water routing, and other related flood control system engineering functions. Familiarity in open channel flow and the HEC series of computer programs is highly desirable.

**MINIMUM QUALIFICATIONS**

The position requires a Bachelor's Degree in Civil Engineering or related degree with specialization in hydraulics and hydrology. Registration with the State of California as a Civil Engineer is desirable, but not required. The position also requires 1-year experience in civil engineering work with special familiarity with storm drainage and flood control systems design, operations and construction. A valid California Driver License is required.

The District may waive the specialization in hydraulics and hydrology for a candidate with the initiative to learn hydraulics, hydrology and other skills and the desire for a career in solving storm water management challenges.

**EXCELLENT FRINGE BENEFITS**

Completed applications will be accepted until Friday, December 29, 2017 at 5:00 pm. A resume may be included as supplemental information. For additional information and District application, please visit our website at [www.fresnofloodcontrol.org](http://www.fresnofloodcontrol.org) or contact Human Resources at:

**FRESNO METROPOLITAN FLOOD CONTROL DISTRICT**

**5469 East Olive Avenue**

**Fresno, CA 93727**

**(559) 456-3292**

**Note: Person(s) selected for the position will be required to pass a post-offer drug screen and background check prior to the start of employment. All employees will be required to present documents establishing personal identity and the legal right to work in the United States. All employees are designated as "disaster service workers" and are required to take oath of such, as required by law.**

**The provisions of this bulletin do not constitute an expressed or implied contract. Any provision in this bulletin may be modified or revoked without notice.**

**The Fresno Metropolitan Flood Control District is a service agency created and supported by the community in providing solutions to storm water conditions.**

**Equal Opportunity Employer**

*Capturing stormwater since 1956.*
