

Partner Agencies, Developers, Contractors and Constituents,

In response to changing conditions related to the spread of COVID-19 and the need to self-isolate and “shelter-in-place” as directed by local and State government, effective Thursday March 19, 2020, the Fresno Metropolitan Flood Control District offices will be closed to the public until further notice. Protocols are in place to receive and transmit items to continue with our regular business functions.

The agency is continuing to provide the essential services that we are responsible for. If you require assistance or need to drop off plans, pay fees or take out permits, please call ahead for directions or to make an appointment. We can be reached at (559) 456-3292 or info@fresnofloodcontrol.org.

The District is also reducing the number of staff members at the office. Should you need to contact a specific staff member, please call the main number (559) 456-3292 and the receptionist will direct your call appropriately. Should you need assistance after hours the main number will direct you to an emergency number or to leave a message, which will be returned the next business day.

The District’s basin parks are closed for the foreseeable future. Please refer to our Website (www.fresnofloodcontrol.org) or Facebook page for additional information and updates.

Thank you for your understanding during this time of unprecedented concern. We remain committed to our community, but are taking precautions to prioritize the protection of our staff during this uncertain time period.

Respectfully
Alan

Alan Hofmann

General Manager-Secretary
