**WHY SHOULD YOUR SCHOOL RECEIVE GRANT FUNDING?**

Please describe your school and explain why your students need this grant funding opportunity. (Maximum of 250 words.)

By submitting this application, you are hereby obligating the School District to defend, indemnify, and hold the Fresno Metropolitan Flood Control District (FMFCD) and its Directors, officers, employees, and volunteers harmless from and against any and all claims relating to this grant or FMFCD's performance of the Project, including, but not limited to, claims for personal injury, property damage, wrongful death, economic loss, and taking of property.

The information on the enclosed application has been prepared by me or under my direction. I am the authorized representative for the School and have authority to sign on behalf of the School District.

Fresno CA 93727  
Phone: (559)456-3292 | Fax: (559) 456-3194  
Email: [Paigem@fresnofloodcontrol.org](mailto:Paigem@fresnofloodcontrol.org)

Questions regarding this program can also be emailed to  
[Paigem@fresnofloodcontrol.org](mailto:Paigem@fresnofloodcontrol.org).

If approved for funding by the FMFCD Board of Directors, FMFCD agrees to fund a field trip for the school to Scout Island. Funding includes payment of the Scout Island docent fees and transportation costs. Scout Island fees will be paid directly to the Fresno County Office of Education by FMFCD. Upon receipt of the invoice for the transportation from the School, FMFCD will submit payment to the School District or private bus company within 2 weeks. If the transportation costs have been paid by the School, FMFCD will reimburse the School within 2 weeks.

Once approved, **the school is responsible for contacting Matt Stewart from Scout Island** at (559) 497-3828 or [mstewart@fcoe.org](mailto:mstewart@fcoe.org) to schedule the field trip.

An optional, clean stormwater presentation and NGSS compliant classroom materials, which provides an overview of local water resources, the water cycle and stormwater pollution prevention, are available upon request free of cost. Contact Paige Moretto at (559) 456-3292 or [Paigem@fresnofloodcontrol.org](mailto:Paigem@fresnofloodcontrol.org) to schedule the presentation and delivery of free classroom materials.
