3. Contact the Grant Administrator to schedule an **optional** pre-field trip presentation. Contact information above. The presentation can be held in a multipurpose room (in order to accommodate multiple classes at one time) or in a classroom. The students/participants will learn about the water cycle, local water resources and conservation. Please note, in order to book a presentation, you will be asked to provide and verify the following information:

- Date & time desired
- Alternate date & time
- Grade level of attendees
- Number of attendees
- Location
- Availability of a screen and projector

4. Go to [http://www.fresnofloodcontrol.org/?post\\_type=product](http://www.fresnofloodcontrol.org/?post_type=product) to order **FREE** Next Generation Science Standards (NGSS) compliant local water resource curriculum and swag for classroom/participants. These can be delivered to you, upon request, free of charge.

5. **Enjoy your trip** and take lots of pictures! We would love to feature pictures of your trip in our newsletter, social media account, and email blasts!
