The Chairman of the Board shall establish from among its members five Standing Committees to provide analysis, advice and recommendations to the Board of Directors.

Not later than the first meeting of the Board of Directors in February of each odd-numbered year, the Chairman shall nominate, for ratification by the Board, members of the Board to serve as members or alternate members of each of the Standing Committees. The Chairman shall submit those appointments to the Board for ratification. The Chairman shall designate the Committee member who will serve as Committee Chairman. Those Committee Chairmen, Committee members and alternate members shall serve two year terms. In order to increase and broaden involvement and participation among Directors, those Committee Chairmen and Committee members shall not serve successive full terms unless no other Director is willing to serve in those respective capacities. A term of one year or more shall be deemed to be a full term. This rule shall not apply to the Administrative Committee, the Priorities and Programming Committee or the Joint Program Coordinating Committee. In appointing members of the Standing Committees, the Chairman shall give preference to alternate members of that Committee who may serve successive terms.

Meetings of the Standing Committees shall be held pursuant to the applicable statutory notice requirements in a facility accessible to the general public.

Meetings of the Standing Committees may be called at the discretion of the Committee Chairman or upon direction of the Chairman of the Board. However, meetings may not be held more frequently than one meeting per month without approval of the Board of Directors. Nevertheless, in cases deemed to be an emergency by the Chairman or Acting Chairman of the Board, he or she may call additional meetings of the Committee without further approval.
